

## **LETTER OF RECOMMENDATION**

I am Dr. Dhruti Sharma, a professor at Sarvajanik College of Engineering and Technology, Surat with over 20 years of experience in teaching and mentoring. I am pleased to recommend Mr. Parthiv Moradiya for your master's program in computer science. Over the past three years, I have had the pleasure of teaching Parthiv and observing his academic growth and passion for the field, making me confident in his potential for success at your institution.

As his professor for "Operating Systems" in the 4th semester, I have seen Parthiv excel in this subject. He not only achieved high scores but also developed a deep and practical understanding of the core concepts. His enthusiasm for learning is evident in his active participation in class discussions and debates, where his insights often bring fresh perspectives. His ability to quickly grasp complex concepts and apply them effectively shows his intellectual curiosity and adaptability.

I found a major involvement on his part during my lectures. He exhibited his knowledge vividly and had the ability to captivate the masses to his viewpoint. To the best of my knowledge, he manifests exceeding zeal in the tasks assigned to him. Throughout his course of study, he has shown keen interest in practical aided learning techniques. His hard work, diligence, and commitment to mastering his subjects have consistently impressed me.

I have observed that Parthiv is an extremely hardworking and diligent student who possesses excellent time management skills and the ability to work in real-world environments. He takes initiative and fulfills his duties with sincerity. Parthiv's commitment, discipline, and genuine passion for computer science make him a strong fit for this opportunity. From my observations, I have no doubt that he will excel and make valuable contributions. I highly recommend him for admission, confident that he will thrive in your institute.

Sincerely,

Prof. (Dr.) Dhruti Sharma  
Associate Professor
